Stephen N. Goggin (SDSU) & Douglas J. Ahler (Vanderbilt)	Constructing political knowledge batteries: Questions, topics, and scaling in online survey experiments

**Directions**

HUB or the **H**ighlander **U**nion **B**uilding is at F6 on the map below  
<https://campusmap.ucr.edu/map-color.pdf>

It is the building complex immediately to the North of the Bell Tower (the Hill with the 'C' is East, the freeway is West).

The third floor can be reached by elevators or via one of the many external staircases. In this photo <http://hub.ucr.edu/> the staircases are on the right of the picture where the yellow letters HUB (the picture is taken from the Coffee Bean coffee bar). Elevators are at the base of the round tower with blue glass on the left of the picture.
